

To God.Com

Dear God every single evening, as I'm lying here in bed
This tiny little prayer keeps running through my head.
God Bless all my family wherever they may be
Keep them warm and safe from harm, for they mean so much to me.

And God there is one more thing I wish that You could do
Hope You don't mind me asking, please Bless my computer too
Now I know that it's unusual to bless a motherboard
But listen just a second, while I explain it Lord.

You see that little metal box holds more than odds and ends
Inside its small compartments rests many of my friends.
I know so much, about them by the kindness that they give
This little scrap of metal takes me in to Where they live,

By Faith is how I know them much the same as You
We share in what life brings us, from that our friendship grew.
Please take an extra minute from Your duties up above
To Bless those in my Address Book that's filled with so much love.

Wherever else this prayer may reach, to each and every friend
Bless each email inbox and each person who hits send.
When You update Your Heavenly list on Your own great CDROM
Bless everyone who says this prayer sent up to GOD. COM
